

Welcome to Baselworld. We're here for you.

Relevance, fashion, trends. It's boring to stand still; change is hugely important. Our collections are constantly shifting. With the new earrings, Rotondo Pavée is given even greater expression and additional design. The range of filigree brilliants look refined and go wonderfully with other models in the line.  
Jewellery of Today.

We look forward to seeing you.

Ingrid Dubotzky and Axel Scheffel
